

Unseen Talent

Roger Handcock

What is your role?

Catering Manager.

How long have you worked here?

Since 2005, so 17 years!

Where are you based?

In my domain, the kitchen in the cafeteria!

Best thing about working at Becky High?

It has to be the students who I see everyday in the cafeteria at break and lunch, and also on trips like D of E and the ski trip. I'm lucky that all my interactions with them are positive ones!

Life before Becky High!

I was born in Rome and when I was 13 I went to live in Baghdad for a year whilst my dad worked out there. I have always had an interest in food and after qualifying in Catering Management at Oxford Brookes Uni, I moved to Zug in Switzerland where I worked in a hotel. I then came back to the UK and worked at The Beacon School in Amersham before joining BHS where I cook 1100 meals every day for us and eight primary schools. In the summer holidays of 2012, I worked at the Olympics catering for the London Aquatics Centre staff and athletes.

“

I am a qualified bee keeper, I have done a static line parachute jump, parascended off a mountain whilst skiing and done a loop-the-loop in a 1942 Harvard plane. Exhilarating!

”
