

Unseen Talent

Linda Cunningham

What is your role?

Admissions and Examinations Officer.

How long have you worked here?

Four years.

Where are you based?

In the upper corridor by the Staff Room.

Best thing about working at Becky High?

It has to be results day when we see the delight on the faces of the students who worked so hard and achieved great results!

Life before Becky High!

I was born in Ireland (Culdaff, Co Donegal, pictured on the right) and moved to London in the 80s where I had my children (now 24 and 26). Whilst in London I worked as the PA to the Commercial Director of Woolworths and as a medical secretary at a GP surgery. I then joined a Greenford comprehensive where I worked as their Exams Officer for 14 years. I really loved working with so many different students and the fact that it was term-time meant I could spend the holidays with my children. I then move to Becky High where I have been for four years!

“

I love travelling and so far, the best trip was to the Golden Triangle in India! My dream trip is a road trip up the West Coast of America. I also love eating out - it would take a lot to beat the tasting menu at Heston Blumenthal's restaurant, The Fat Duck in Bray.

”
