Best thing about working at Becky High?

The best things so far have been the absolutely lovely people and how welcoming everyone has been.

Life before Becky High!

I was born in The Netherlands and did a Masters in Dutch Corporate Law in Maastricht followed by an LLM in Comparative Corporate Law at UCL in London. I finished my training as a lawyer ('advocaat') with Stibbe, a firm in Amsterdam. I met my husband in London and we moved to Madrid where I worked on the NY Desk of investment bank BBVA before joining British law firm Kennedys. We moved back to London where I worked at The Cardinal Vaughan Memorial School as a teaching school administrator for two years before moving to Beaconsfield in 2021.

During secondary school I was a big rave and house music fan. I still love the music but nowadays I enjoy it in the car rather than at festivals. I have a son (9) and daughter (6) and they tend to keep me entertained. I love meeting up with friends and going on city trips when holidays aren't claimed by our family in Holland, Germany, Spain and Portugal. I also am a keen funny meme collector; it's an addiction!
